## ORIENTAL MISS ON VOTING LIST

Miss Myra Lee

Los Angeles, Cal., April 17.—Miss Myra Lee, as pretty a Chinese girl as ever wore the graceful flowing raiment of her own people, is the first Oriental woman to register in Los Angeles as a voter.

Moreover, Miss Lee is a suffragette. She believes in the thorough emancipation of woman. She is going to teach it to other people's children—here and in China.

Miss Lee, besides being Chinese, is accomplished. She graduated with honors from the grammar schools of this city and later took a four year course in the polytechnic high school, specializing in higher literature.

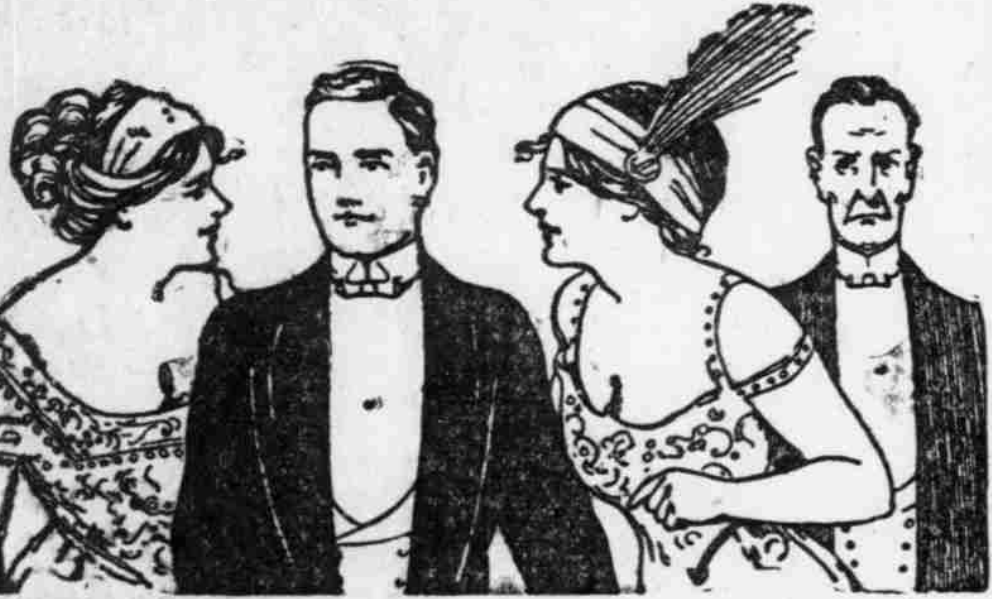

Miss Lee is 22, diminutive, round-faced, rosy and the picture of health. She speaks English with a sweetness of expression and a grammatical thoroughness that are most winsome. And she is entirely up-to-date on the topics of the day in the worlds of music, art, literature and general education.

A firm believer in the principles of woman suffrage, Miss Lee is going to China soon to teach it, along with English and literature, to the children of the Chinese in a government school, probably in Canton, the birthplace of her father, Lee Kwai Sing. Her father, by the way, is a very prominent member of Chinese society in Los Angeles and possesses many wealthy and influential friends in the new republican government in China. His daughter, as the result of this prestige, is to have a school there. In preparation for this life she has been for years teaching English to Chinese students in this city. She lives with her parents at 1322 South Hill street.

Mrs. E. R. Britton, of Britton, Miss., wishes others to know that Foley's Honey and Tar Compound has done for her daughter. "Sometime ago my daughter was ill and threatened with pneumonia. We tried different medicines but she seemed to be getting worse. We then gave her Foley's Honey and Tar Compound and it checked the disease and eventually cured her completely and we knew Foley's Honey and Tar Compound saved her life." W. A. D'Alemberte.

## WE INVITE Every Thin Man and Woman Here

Every Person in Pensacola and Vicinity to Get Fat at Our Expense

Don't Be "The Skeleton at the Feast." Sargol Makes Puny, Peevish, People Plump and Popular.

This is an invitation that no thin man or woman can afford to ignore. We tell you why. We are going to give you a wonderful discovery that puts good, solid flesh on people who are thin and underweight, no matter what the cause may be—that makes brain in five hours and blood in four—that puts the red corpuscles in the blood which every thin man or woman so sadly needs. How can we do this? We will tell you. Science has discovered a remarkable concentrated treatment which increases cell growth, the very substance of which our bodies are made—a treatment that makes indigestion and other stomach troubles disappear as if by magic and makes an old dyspeptic or a sufferer from weak nerves or lack of vitality feel like a 15-year-old. This new treatment, which has proved a boon to every thin person, is called Sargol. Don't forget the name—"S-A-R-G-O-L." Nothing like it has ever been produced before. It is a revelation to women who have never been able to appear stylish in anything they wore because of their thinness. It is a godsend to every man who is underweight or who is lacking in nerve force or energy. It gives you a beautiful and well-rounded figure of symmetrical proportions, of which you can feel proud—if you want a body full of throbbing life and energy, write The Sargol Company, 174-R Herald Bldg., Birmingham, N. Y.

Today and we will send you, absolutely free, a 50c box of Sargol that will prove all we claim. Take one with every meal, and in five minutes after you take the first concentrated tablet of this precious product it will commence to unfold its virtues and it has by actual demonstration often increased the weight at the rate of one pound a day. But you say you want proof. Well here you are. Here is the statement of those who have tried—who have been convinced—and who will swear to the virtues of this marvelous preparation.

**REV. GEORGE W. DAVIS says:**  
"I have made a faithful trial of the Sargol treatment and must say it has brought to me new life and vigor. I have gained twenty pounds and now weigh 170 pounds, and what is better, I have gained the days of my boyhood. It has been the turning point of my life. My health is now fine. I don't have to take any medicine at all and never want to again."

**MRS. A. I. RODENHEIMER writes:**  
"I have gained immensely. I took Sargol for I only weighed about 105 pounds when I began using it and now I weigh 130 pounds, so really this makes twenty-four pounds. I feel stronger and am looking better than ever before, and I am sure of it."

## CAPT. T. E. WELLES HEADS INTERSTATE FAIR ASSN.

BOARD OF DIRECTORS UNANIMOUS IN THEIR CHOICE OF A SUCCESSOR TO JNO. E. STILLMAN—ALBA H. WARREN ADDED TO THE BOARD OF DIRECTORS.

At a very enthusiastic meeting of the board of directors of the Pensacola Interstate Fair Association held yesterday morning at 10 o'clock in the office of the general manager, at which every member of the board, with the exception of C. F. Zeek, who is out of the city, and A. M. McMillan, Capt. T. E. Welles was unanimously elected president of the association; to succeed John E. Stillman, resigned, and whose resignation was accepted at this meeting. Although after he had been nominated Capt. Welles said that he thought someone else should be chosen to fill this important office, inasmuch as he is out of the city a great deal of the time which he considers the busiest time for those who are managing the affairs of the fair, several of the directors present simultaneously seconded the nomination and the secretary was instructed to cast the unanimous vote for Capt. Welles, which was formally done by Secretary Lillard.

In accepting the office of president, Capt. Welles said that he did so with reluctance, for the reasons already stated, yet he, nevertheless, appreciated the honor and if he could he would properly attend to the duties of the office he knew of no organization he would rather be at the head. He said that he accepted the presidency of the association, depending upon the other members of the board of directors to assist him and to attend to his duties while he was away from the city.

Capt. Welles was very enthusiastic over the prospects for a successful fair this year and said the association had a particularly bright future at this time. "I do not consider the stock which has been subscribed in this association a contribution by any means," he said, "but I firmly believe that within two or three years time every bit of it will be worth dollar for dollar and even more."

The president predicted that within another year the association would own and occupy permanent grounds for the fair, and that the Pensacola Interstate Fair Association was sure to take its place among the leading fair associations of the south.

He closed his remarks by strongly advocating and urging the agitation of legislative acts providing for appropriations from the state for fair associations, the funds derived in this manner to be used in the distribution of prizes and premiums for the products of the state. He called attention to the fact that some other states had enacted such laws and noted the splendid effect upon the fairs held in those states.

**Tribute to Retiring President.**  
When the resignation of Mr. Stillman was read, Capt. Welles said that when the resignation of the president was read, he had made the motion to defer action upon it in the hope that Mr. Stillman might be induced to reconsider. He said that Mr. Stillman had been a most efficient president and had done much toward promoting the interests of the fair, and that he believed that he would still do all in his power to aid the association in the development of West Florida. However, since Mr. Stillman remained firm in his determination to resign.

## COL. NEWMAN ASKS BANKHEAD A QUESTION

NOTED SOUTHERN NEWSPAPER

CORRESPONDENT PROPOUNDS

AN INQUIRY THAT HAS NOT

BEEN ANSWERED—SAYS HE IS

A KENTUCKIAN, LIKE UNDER-

WOOD, AND HE RESENTS BOSS

RULE THERE AND ELSE-

WHERE.

Special to The Journal.

Washington, April 17.—In an interview, carefully written by his own hand, Eugene Newman, the great Kentucky newspaper writer, who writes under the name of "Savoird," gave out the following statements:

"Something has been said about a 'southern man' for president of the United States, and there has been considerable discussion of that suggestion. Woodrow Wilson, Champ Clark and Oscar Underwood were all born in the south, and Governor Judson Harmon, in his early childhood, was for a while a citizen of Kentucky. Senator John H. Bankhead is the leader of the movement to choose a southern man, one now residing in that section, as the successor of Mr. Taft, and all the standard Republicans who have said anything about it have wished the senator from Alabama success."

Then why doesn't Mr. Bankhead bring out a southern man for the nomination at Baltimore? Mr. Oscar W. Underwood, whose campaign is under the management of Mr. Bankhead, is not a full candidate for president. He is only a "dark horse" candidate, running in spots. He is a candidate in some of the cotton states—not all of them—and in New York city. He is a candidate nowhere else, not even in his native state of Kentucky. If one is to credit the Washington correspondent of the Louisville Courier-Journal, there he is Gaston protesting "After you, my dear Champ." Down in Florida, Clark is Alphonse, prudently as severing. "After you, my dear Oscar," Clark and Harmon are like-wise "near" candidates running in spots and members of the combination organized to defeat the only real candidate for the nomination at the Baltimore convention—Woodrow Wilson.

A Real Candidate.

I say a real candidate advisedly. Wilson is a candidate north, south, east and west—from ocean to ocean. He is a candidate in every state, in every county, in every city, in every town, in every hamlet, in every neighborhood in the entire union. He only has fair play, and that they refuse to accord him. In Oklahoma, in Kansas, in Wisconsin, in Illinois, the opposition to him combined on Champ Clark. In Mississippi, in Georgia, and in Florida, the opposition combined on Oscar Underwood. In Texas the opposition is combined for Harmon. Nowhere is it a fair, stand-up fight.

I am a citizen of Kentucky. Suppose I was for Oscar Underwood for the nomination? I would be disgraced. That is, I would not be allowed to vote for him, or for Harmon. The bosses there have taken order that I shall vote for Wilson, or the candidate they have selected to beat Wilson. How is that for practical politics? How is that for a machine? Did Quay or Tom Platt or Dick Croker ever order it more skillfully or more brutally? Where? Where? How? Name an exploit or any boss more in defiance and contempt of fair play than this combination against Woodrow Wilson.

Now, I assert, and shall maintain, that Clark, Harmon and Underwood are nothing but "dark horses" in this campaign. No one of them is a full candidate. Each one is afraid to appear before all the people and ask their suffrage. It is a combination to defeat the favorite of the people.

What is a "dark horse" in politics? He is an instrument of your boss, who ekes out the lion's skin with the fox's. It is the one thing that has brought the convention into disrepute. But for dark horseism in politics there would have been no clamor for a primary. It was because the bosses would not allow a party to hold an honest convention that the people rose in their might and demanded a primary, and in 1912 there will be one.

There will not be a single delegate in either great convention who does not hold his commission from the people direct. Would it were so today. If it were, all opposition to Wilson would have long since long ago.

the presidency of the organization, he moved that his resignation be accepted. The motion to accept the resignation prevailed and a motion providing that a committee be appointed to draft a resolution of thanks to be extended to the retiring president and that the same be spread upon the minutes and copies furnished to the newspapers, was unanimously adopted and the following committee appointed to carry out the provisions of the motion: Jas. C. Watson, A. M. Avery and N. J. Lillard.

**Warren Elected a Director.**  
The resignation of Mr. Stillman as a member of the board of directors was also accepted and Alba H. Warren was unanimously elected to fill the vacancy. Mr. Warren was notified by telephone and asked to attend the session, which he did.

Immediately after the meeting adjourned, the president instructed Secretary Lillard to add Mr. Warren to the following committees: Finance, premium lists, site and publicity and advertising.

## Secretary Reported.

Secretary Lillard reported everything was looking very favorable and that many applications for space and concessions of various kinds at the grounds were already being received in his office. He said he also had numerous propositions from people desiring to furnish amusements and attractions of various kinds, and that it was his opinion that the fair this year would be a source of much more revenue than any previous one.

The secretary said that he believed it would be necessary to have two midways instead of one this year and that he was sure the free attractions would be better and of a higher order than last year.

**No Manager Woman's Department.**

Although it was the intention of the secretary to make a recommendation to the board of directors and have a manager of the woman's department chosen at this time, after a considerable amount of discussion the matter was deferred and no appointment was made.

The session of the board consumed two hours' time and a number of matters of interest to the association were discussed and a number of communications and other propositions were referred to the proper committees.

The meeting was an interesting and enthusiastic one.

president. More than all else he did, more than all else he said, his popularity was based on his demand for a "square deal." It was an appeal to American manhood, an invocation to the national home, I do not ask the intellectual imbecile, who cannot understand, I do not ask the moral pervert, who will not avow, but I appeal to the man of average intelligence and common honesty and common decency and ask: Has Woodrow Wilson a square deal in this contest?

Here he is required to run against Clark, there Underwood is his competitor, yonder Harmon opposes him. And they say that is not a combine.

One of the most startling changes ever seen in any man, according to W. B. Holshaw, Clarendon, Tex., was effected years ago in his brother. Now he is sound and well and weighs 218 pounds. For many years our family has used this wonderful remedy for Coughs and Colds with excellent results." It's quick, safe, reliable and guaranteed.
